

Introduction

It's a **crossword** puzzle!

It's a **jigsaw** puzzle!

You get all the letters, but you have to assemble the grid.

How to Solve

1. Pick one of the five sets of clues to solve.
2. Punch out the blocks and find the ones that match the colour and font of the clues' title.
3. Read a clue, then find the block with the matching number.
4. Assemble the rest of the word by connecting other blocks.
5. Assemble the rest of the grid with the other clues.

Includes 5 Puzzles
